In response to the COVID-19 pandemic, the group is currently focused on solving near-term operational and tactical challenges providers are facing as a result of this crisis. NextGen Advisors will continue to help clients establish the framework for future success through various models including value-based care or risk-bearing contracts. With deep industry subject matter expertise, the NextGen Advisors are deploying best-in-practice, data-driven advisory services including strategy, program design, managed care contracting, contract evaluation, infrastructure development and optimized practice

performance.

Led by Chief Medical Officer Dr. Betty Rabinowitz, Principals Graham Brown and Dr. Martin Lustick, Vice President of Industry Affairs Cherie Holmes-Henry, and Government Affairs Advisor Chris Emper, the group will address an unmet market need for proven, practical expertise to help clients achieve and sustain superior quality care and total cost of care outcomes. Each brings decades of diverse experience involving healthcare strategy, managed care contracting, government affairs, population health management and clinical practice operations.

“At the heart of our mission, NextGen Advisors are dedicated to guiding healthcare providers through the many changes within the industry and ultimately improving patient outcomes,” said Dr. Betty Rabinowitz, chief medical officer of NextGen Healthcare. “What better time than now, during this global pandemic to launch this service where we can leverage our combined knowledge to elevate providers across the country and enable them to be better prepared for the healthcare model of tomorrow.”

NextGen Advisors broadens the value and impact NextGen Healthcare provides to its clients as it evolves from a “Best in KLAS” software platform provider to a trusted advisor for client partners across the United States.
