### ***Leading Orthopedic Center Adopts NextGen Musculoskeletal Solution to Expand Reach, Enhance Patient Experience, Improve Operations and Efficiency***

IRVINE, Calif.--(BUSINESS WIRE)--Nov. 18, 2020-- [NextGen Healthcare, Inc.](#) (Nasdaq: NXGN), a leading provider of ambulatory-focused technology solutions, today announced that [Orthopaedic & Sports Medicine Center](#) (OSMC)—a premier orthopedic center in northeast Kansas, has selected [NextGen® Enterprise](#) as its core electronic health record (EHR) and practice management (PM) solution. OSMC will implement the musculoskeletal integrated solution across its two orthopedic practices to increase interoperability and enhance the patient experience with capabilities such as patient self-scheduling and telehealth.

NextGen Enterprise with Orthopedic Suite is a fully integrated, single database platform that provides intuitive clinical workflows designed for complex orthopedic organizations who provide their patients an integrated surgical, non-surgical and rehabilitation experience. OSMC has adopted the entire NextGen Healthcare platform including: NextGen® Orthopedic Suite, NextGen® Therapy Suite, NextGen Virtual Visits™, NextGen® Patient Experience Platform, NextGen® Managed Cloud Services and NextGen® Provider Mobile+.

"A key reason we selected NextGen Healthcare is because the innovative software suite brings our practice to the next level and provides a more effective way for our patients and providers to interact," said Lisa Wassemiller, practice administrator for Orthopaedic & Sports Medicine Center. "The integrated platform provides greater access, speed and convenience for our providers to communicate with patients and the workflow is tailored to the needs of our specialty."

"In today's healthcare environment where patient experience is an important aspect of driving loyalty and engagement, patients expect to connect with their physician and care team effortlessly," said John Beck, chief solutions officer for NextGen Healthcare. "With the NextGen Orthopedic Suite, OSMC can provide a higher level of service to their patients while simultaneously improving clinical and financial outcomes."
